Partner Update

The Nature Conservancy

The Nature

Conservancy Ohio and Western Lake Erie Basin Agriculture team partners with farmers, service providers, SWCDs, crop advisors, other non-profits, and individuals to increase the adoption of soil health, nutrient management, water management, and nature-based solutions.

The mission of The Nature Conservancy is **to conserve the lands and waters on which all life depends**. Our vision is a world where the diversity of life thrives, and people act to conserve nature for its own sake and its ability to fulfill our needs and enrich our lives. We are always seeking additional partners to further this important work. To understand the scope of our work and opportunities to partner with our organization, please enjoy our [2021 TNC Ag Team Impact Summary](#).

The Nature Conservancy Upcoming Events

Lunch and Learn with **Charlie Shafer, President of Agri Drain Corporation**
12 p.m. Monday, May 23, 2022

Charlie will be speaking on climate adaptation utilizing water management practices in a systems approach and the benefits of conservation drainage. [Register Here](#)

Farmer Advocate for Conservation Training

Tuesday-Wednesday, August 9-10, 2022

Are you building soil health on your farm? Are you willing to share your knowledge with other farmers? The Farmer Advocate for Conservation program is a paid opportunity for farmers to build peer networks centered around sustainable agricultural practices.

Apply or find a mentor at: farmeradvocatesforconservation.com

The best farming advice comes from farmers.

Our farmer advocates share their stories about soil health and farm sustainability.

MWA Pontoon Tours

Book Your Tour Now!

The Allen County SWCD and the Maumee Watershed Alliance have teamed up to give tours of Fort Wayne's three rivers – the St. Mary's, the St. Joseph's, and the Maumee. These tours are designed to educate both farmers and urbanites on the importance of water quality and the part everyone plays in maintaining and improving the water quality in Allen County. Riding the river also gives an understanding of the programs already in place to improve and maintain water quality and the opportunities to get involved.

To book a tour for your group email us at pontoontours@maumeewatershedalliance.org

YOU CAN HELP!

Your donations support current and future efforts in water quality, community engagement and education, and the projects of the

MWA and partnering watershed organizations.

Maumee Watershed Alliance | 7009 North River Rd. Suite 105, Fort Wayne, IN 46815
